Our office accepts all third party insurance plans, and most PPO plans, however we do not accept HMO plans. We will accept assignment of benefits from the insurance companies. This means that our office will be paid directly by the insurance company. Most insurance plans, however, do not cover 100% of the cost of your treatment. Because of this, you will be asked to pay any deductible and your portion of your charges the day service is rendered. We will assist you in dealing with your insurance company, but the ultimate responsibility lies with you.

Contracts may be set up to facilitate your treatment plan costs. Ask our receptionist for details. Feel free any questions that remain unanswered, either before or after treatment. We wish to be of assistance.
